Stranded Gas Development Act  
Municipal Advisory Group

Dear Members:

Thank you for your interest in participating in the Municipal Advisory Group as established under the Alaska Stranded Gas Development Act. As you know, the State of Alaska has received two applications for development of a contract to construct a pipeline to facilitate the production and marketing of stranded Alaska natural gas. Your input during contract negotiations is critical to the development of a contract that adequately compensates local governments for the economic and revenue impacts of a gas line project. **The meeting to formalize the formation of the Municipal Advisory Group will be held at 3:00 PM on February 3<sup>rd</sup> at the Fairbanks North Star Borough Mayor's office.** Participants will include the mayors and/or their designees for the incorporated municipalities along the highway route, and those that could potentially be impacted by construction and port activities. In addition the state has invited a representative for the unincorporated communities. If a project plan is developed that potentially impacts other municipalities, participation in the advisory group will be adjusted accordingly. Those invited to attend are:

North Slope Borough  
City of Fairbanks  
City of Delta Junction  
Municipality of Anchorage  
City of Kenai  
Haines Borough  
Unincorporated Representative

Fairbanks North Star Borough  
City of North Pole  
City of Valdez  
City of Seward  
Kenai Peninsula Borough  
City of Skagway  
State of Alaska

If you have any questions concerning the advisory group or the February 3rd meeting, please give me a call at 907-465-2365.

If you cannot attend in person, you can call in at 907-459-5515.

Very truly yours,

Steve Porter  
Deputy Commissioner
